

LGBTQ-INCLUSION TRAINING & COACHING SERVICES

Jewish Family and Children's Service of Greater Philadelphia works each day to help strengthen the lives of those in our community. We do this through outreach to individuals as well as to organizations. Our LGBTQ program leader, Galia Godel, works with adults and youth to foster community connections and to provide supportive environments for all.

Galia Godel, M.Ed., has a master's degree in Human Sexuality Education from Widener University. She has an extensive background in education, as well as experience in program development for sexual and gender minority groups. Galia has led LGBTQ community support groups, sensitivity and inclusion training, and organizational coaching across the Northeast, and can bring that experience and expertise to your organization.
